# Festival Overview

In February 2025, the Broward County Film Society introduced **FLIFFShorts**, branded as the **Savoir Faire Short Film Festival**, a new event designed to complement the annual Fort Lauderdale International Film Festival (FLIFF). This exciting festival is dedicated entirely to short films.

The inaugural edition was a resounding success, attracting over **2,000 attendees** during its four-day run. The festival showcased **nearly 80 short films** from around the world, with more than **60 filmmakers** in attendance, representing countries such as China, Albania, and the United States, alongside many from the vibrant local film community.

The triumph of FLIFFShorts has made possible a long-envisioned goal: moving the Fort Lauderdale International Film Festival to February. The 40th edition of FLIFF (**FLIFF40**) will take place **February 20–28, 2026**.

Meanwhile, the **second edition of FLIFFShorts** is set for **November 6–9, 2025**, at **Savor Cinema**.
